Medical Services

The **Medical Services** at the University of Technology, Iraq, is a vital facility dedicated to ensuring the health and well-being of students, faculty, and staff. It provides comprehensive medical care and preventive health services to support the university community.

Key Objectives:

- Healthcare Provision:** Delivering high-quality medical care to address common illnesses, injuries, and health concerns.
- Preventive Care:** Promoting health awareness through vaccination programs, health screenings, and educational campaigns.
- Emergency Response:** Offering immediate medical attention for emergencies and coordinating with hospitals for advanced care when necessary.
- Health Education:** Organizing workshops and seminars to educate the university community about maintaining a healthy lifestyle and preventing diseases.

Services Offered:

- General medical consultations and treatments.
- First aid and emergency response services.
- Vaccination campaigns and immunizations.
- Health certificates and medical reports for university-related purposes.
